

# MANIA-C

## Rules:

**Round 1 (in Day 1):** Comprises of 50 objectives type (multiple choice) questions to be solved in 50 minutes. A positive one (1) will be awarded for every right answer, while one-third (1/3) will be deducted for every wrong answer. The test will be online.

**Round 2 (in Day 2):** Selected candidates from ROUND 1 will have a coding session comprising 4 problems, of which each team is required to solve any 3 within 2 hours. Evaluation of the codes pertaining to the specified problems will be adjudged on the basis of space and computational time.

**NOTE: THERE IS NO TEAM FORMATION IN ANY OF THE ROUND**
